## Experience

### Deloitte — Data Analytics Virtual Internship Program

Dec 2025

#### *Virtual Internship*

- Analyzed large-scale datasets using **Python (Pandas, NumPy)** and **SQL** to perform data cleaning, transformation, and exploratory data analysis (EDA) for business insights.
- Designed and delivered **interactive dashboards** in **Power BI and Tableau** to monitor KPIs, trends, and performance metrics.

## Technical Skills

**Programming and Querying:** Python, SQL, C++

**Data Analysis:** Data Cleaning, Data Transformation, Exploratory Data Analysis

**Libraries and Tools:** Pandas, NumPy, Matplotlib, Seaborn, Power BI, Tableau, Dashboard

**Databases and Platforms:** MySQL, MS Excel (Advanced), Jupyter Notebook, GitHub

**Analytics Concepts statistics:** ETL Process, EDA, Descriptive Statistics, Probability, Hypothesis Testing, puzzle solving, analytical skills

## Projects

### Sales Data Analysis

2026

- Executed end-to-end sales data analysis involving data cleaning, data transformation, exploratory data analysis (EDA), and KPI evaluation to identify revenue trends, growth patterns, and business opportunities.
- Delivered actionable insights and performance reports using Excel and Python through data visualization, trend analysis, and metric-driven analysis to support data-driven decision making.

### Power BI Dashboard

2026

- Designed and deployed interactive Power BI dashboards with structured data modeling to monitor KPIs, business trends, and operational performance.
- Developed DAX measures, calculated columns, and dynamic visuals to enable drill-down analysis and executive-level reporting.

### Trader Performance vs Bitcoin Sentiment Analysis

2026

- Integrated multi-source datasets including trader performance metrics and Bitcoin market sentiment (Fear & Greed Index) using Python (Pandas, NumPy) for analytical assessment.
- Conducted exploratory, statistical, and trend analysis with data visualizations to compare PnL, win rate, and behavior across different market sentiment regimes.

## Certifications

- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate
- Google Cloud Generative AI Studio
- Udemy Course — Mastering MySQL

## Education

- B.Tech in Electronics and Communication Engineering  
Deenbandhu Chhoturam University of Science and Technology, Murthal, Sonapat  
(Oct 2022 – Present)
